There's no justice in this world, don't you know it
cause when it comes to brother man, you know exactly where you stand.
he'll leave you high and dry when there's nowhere else to turn
for when your plans they go exact, he'll turn and stab you in the back

you can't trust nobody
you can't trust no one
you can't trust your brother
what is going on

nun credere a nisciune
dinte a 'sti tiempe scure
te vennenno 'a paura
furtuna quanne viene
bisogne che nun tiene
te iencheno 'e penziere

you can't prejudge another being because their different
for when [pornmobile.online](#) you take it all apart, you'll find that carbon copy heart
that you and I possess, it's just it cannot be seen
it's time to set your spirit free and elevate your mind to me

you can't trust nobody
you can't trust no one
you can't trust your brother
what is going on

eeny meeny miny mo – you got the flow – i got the flow
eeny meeny miny mo – you got the flow – we're all different though

oh my... can you imagine
a world with no war or famine
oh my... can you imagine
no war or famine
